# East Side Highway Motorist Survey

The attached survey is being conducted as part of the East Side Highway Environmental Assessment study. The survey results will help McLean County and the Illinois Department of Transportation to develop recommendations for transportation improvements necessary to satisfy existing and future traffic demands on the east side of the Bloomington-Normal area.

Please fill out the attached postage-paid card and return it by mail as quickly as possible. Please remember that all questions refer to the trip you were taking at the time you were handed this card. If you have received more than one card, please complete and return them all.

While we have done our best to minimize inconvenience to you as we pass out the survey cards, we apologize for any delay you may have experienced.
